From office of the Mayor 3/23/2020

Everyday life as we know it is changing day by day.

The news and constant updates on this pandemic are extremely stressful and overwhelming. In all this bad, I hope we don't lose sight of the good things that are happening.

Most of us grew up much different than what our lives have become. Consumed with work and the many activities kids are involved in. Many of us were raised around dinner tables and chores. I am happy to see that my kids are occupying their time outside and being kids as we were back when. Making homemade arrows out of sticks, playing board games and being creative to occupy their imaginations.

As tough as this is for all of us, for so many reasons, please enjoy the time spent with each other. Enjoy the time at the dinner table, the fire pits and find some good in this. I have been posting recommended protocols, mandates and other requests from instances outside of our Township. I am so proud of our residents for heeding all the advice and quarantining properly to help all involved.

In the days ahead it will be paramount that we continue to limit our movement and social distance as the number of cases will rise. My heart breaks for all our Seniors, and 6th grade students who are only such for once in their lives.

So please, in all the adversity, look to the good and keep the faith. We are going to bounce back even better.

The United States of America is and always will be the greatest Country in the civilized world.

Mayor  
Joseph Marino
